

FIRST AID AND OUTBREAK PLAN

FIRST AID

In the event that first aid is required to be administered during an activity, all persons attending to the injured individual will first put on a mask and gloves.

Coaches will:

1. Stop the activity for all participants
2. Gather information to determine if incident is COVID-19 related or some other type of incident
3. If not COVID-19 related
 - a. If no critical intervention required, attend to incident while maintaining physical distance of 2m, is possible.
 - b. If direct care is needed (2m distance cannot be maintained), wear a mask and gloves.
4. If COVID-19 related
 - a. Maintain 2m physical distance if possible
 - b. Wear mask and gloves
 - c. Provide mask to the participant,
 - d. Call parent or guardian of all participants
 - e. Notify the Technical Director or member of the KMBA Board of Directors and await further directions

OUTBREAK PLAN

“Early detection of symptoms will facilitate the immediate implementation of effective control measures. In addition, the early detection and immediate implementation of enhanced cleaning measures are two of the most important factors in limiting the size and length of an outbreak. An “outbreak” is two or more cases; a “case” is a single case of COVID-19.” – viaSport Return to Sport Guidelines

1. In the event of an Outbreak, all KMBA baseball activities will be suspended indefinitely
2. If any coach, participant, or member of their household reports they are suspected or confirmed to have a case COVID-19, KMBA will
 - a. Suspend all Association baseball activities
 - b. Implement enhanced cleaning measures, as necessary
 - c. Implement KMBA Illness Policy
 - d. Seek health authority advice and guidance
 - e. Only return to full or partial baseball activities on the advice of health authorities
3. If contacted by a medical health officer in the course of contact tracing, KMBA will cooperate with local health authorities.
